Words and music by Jim Manley

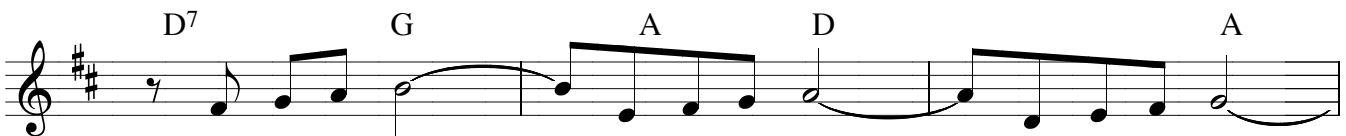

1. Hear the sound of glac - iers crack - ing      fall - ing to the warm - ing sea  
 2. See the spe - cies fast de - clin - ing,      lost for - ev - er to our greed  
 3. Stop our fos - sil fuel pol - lu - tion      spew - ing car - bons to the skies

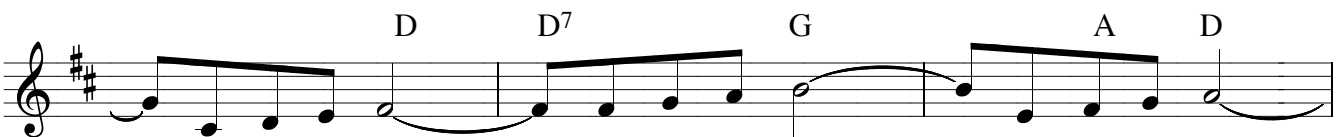

Feel the tem - pera - ture a - ris - ing,      no more time for com - pro - mis - ing  
 No time left for tem - por - i - zing,      soft - ly sen - ti - men - tal - i - zing  
 Seek al - ter - na - tive sol - u - tions,      lob - by hard our in - sti - tu - tions

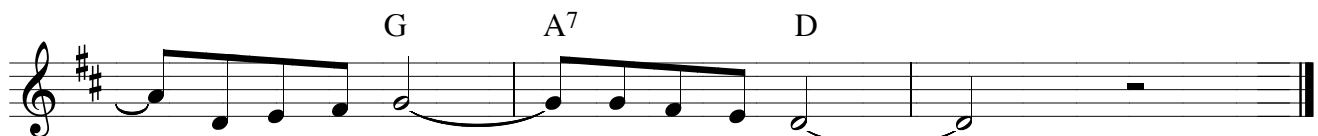

End - less da - ta an - a - lyz - ing,      what more do we need?  
 Time for ho - ly or - gan - i - zing,      truth put in - to deed.  
 Risk - ing our own re - vol - u - tions      as we change our lives.
